Olive Branch

Designed by Blackberry Farm Design, this cabin elevates vintage style and creates warmth with a range of greens and browns.

ELEVATED EARTHINESS WITH A VINTAGE-TINGED ELEGANCE.

PRODUCED BY ANNE MARIE ASHLEY
WRITTEN BY CHRISTINA SPRATT SPENCER

The subdued sensibility of this sophisticated green has a distinguished earthy familiarity. It ranges in tone from a deep mossy note that is luxuriously rich to a tranquilly muted mist of gossamer gray that is anything but drab. This warm and comforting vintage hue laced with chocolate brown maintains a tension of temperature with a versatile range of amber cast to briny cadet undertones. Pairing well with nature's neutrals like umber, slate, pistachio, and alabaster, tastefully inconspicuous becomes invigorated with accents of vermillion, deep plum, marmalade, lilac, aquamarine, and chartreuse.
